

Jesuit is seeking approval from the County of Sacramento to install lights in Marauder Stadium

WHY LIGHTS?

Improve health & safety by minimizing risks associated with high afternoon temperatures for spectators and participants

Reduce missed class time, streamline schedules by aligning with majority of California Interscholastic Federation (CIF) schools

Improve traffic congestion & parking due to overlapping events

ABOUT THE PROPOSAL

- The lights proposed will utilize modern LED technology which allows for very precise placement without light spilling out in all directions
- Adding lights is being proposed. The project will not increase stadium size or amenities

GENERAL PROCESS TIMELINE

00

Fall 2021

- Use Permit PLNP2021-00262 submitted to County of Sacramento, Carmichael/Old Foothill Farms Community

01

April 2022

- Approved through the County's Design Review Advisory Committee
- Presented to the local public Community Planning Advisory Commission

02

DISCOVERY & OUTREACH

- Analyze feedback from forums, meetings and conversations with multiple parties
- Listening to neighbors one-on-one and in small groups.

Based on some of the feedback

- Adjusted the timing of meetings
- Shared our existing Good Neighbor communication portal and meeting dates via postcards and signage

03

Fall 2022 - Spring 2023

- California Environmental Quality Act (CEQA) to assess the potential environmental impacts of the project

04

Fall 2023

- Continuation of County process per their timeline
- Reviews, studies and filings
- Publication of draft EIR
- CPAC meeting October 11, 2023
